

Mangalam Drugs and Organics Limited

ABOUT US

Mangalam Drugs & Organics Limited commenced its manufacturing of Active Pharmaceutical Ingredients (APIs) and Intermediates at VAPI - Gujarat in 1977. It has a multi-product manufacturing facility on two locations, and an in-house Research & Development laboratory recognized by the Department of scientific & Industrial Research, Delhi Government of India (DSIR).

Over the last **five decades**, Mangalam has acquired a worldwide reputation as a **single stop destination** for frontline **Anti-Malaria APIs**. We also have a diversified product range having synergies in operations and economies of scale. Mangalam is amongst the **top companies in Asia** in all the products it makes; and is also the largest manufacturer of some of its products in the world.

*Indian Pharma Manufacturers Roundtable
with Bill Gates, Co-Chair - Gates Foundation*

Along with the **WHO-GENEVA** GMP, **MFDS Korea** certification, **EDQM, NMPA, ANVISA** approval for its API manufacturing plants, the company is also an agreement with the prestigious Clinton Health Access Initiative (**CHAI**) under its Fight Malaria Program for supply of **Anti-Malaria APIs** worldwide.

*Mr. G. M. Dhoot [MD and Chairman of MDOL]
with Founder of CHAI, President Clinton*

Mangalam is in partnership with Medicines for Malaria Venture (**MMV, Switzerland**) for optimizing the **Pyronaridine - Artesunate** combination therapy.
